Annex No.3		Program of the Course - first/second/third cycle studies			
1.	Title of the Course	Administrative Disputes			
2.	Code	4PF102712			
3.	Study Program	Legal Studies Module of Administrative Law			
4.	Organizer of the study program (unit or institute, Faculty, department)	University Goce Delcev Faculty of Law Department of			
5.	Cycle (first, second and third cycle)	First cycle			
6.	Academic year / semester	Third year/ fifth semester	7.	Number of credits	4 Elective
8.	Professor (s)	Associate Professor Jadranka Denkova, PhD			
9.	Requirements for course enrollment				
10.	Purposes of the curriculum (competencies): The subject aims to acquaint students with in-depth knowledge about the subject, scope and relevance of the administrative dispute. Furthermore, it elaborates on rules pertaining to provision of court protection and legality regarding the rights and legal interests of both physical and legal entities in the administrative dispute related procedures. This subject acquaints students with the competence, organization and structure of the administrative court. Additionally, the subject covers the study of fundamental principles, relevance and historical development of the administrative dispute court with particular emphasis on the Law on Administrative Disputes. By analyzing court cases the subject aims at students gaining practical knowledge and proper implementation (reading and interpretation) of the legal norms governing all issues pertaining to administrative disputes and other extraordinary legal remedies. Moreover, the subject covers the fundamental principles, relevance and historical development of the administrative procedure with particular emphasis on the Law on General Administrative Procedure.				
11.	Content of the course program: The subject provides options for in-depth education and acquisition of fundamental knowledge about the scope, function, sources and definition of the administrative dispute. It elaborates on the notion and scope of the administrative dispute and the types of administrative disputes. Additionally, it focuses on the parties involved in the administrative dispute. It elaborates on the phases of the administrative dispute, instigation of the administrative dispute and related court decisions. It considers the legal remedies, appeals and re-instigation of the procedure. The subject analyzes the fundamental and complementary principles of the administrative procedure as				

	well as the competence in administrative procedures. In addition, it covers the parties involved in the administrative procedure, their representation and communication between the parties and administration. The subject analyzes the first-degree and second-degree administrative procedure, terms, appeals, investigative procedure and adoption of decisions.			
12.	Learning methods: - Method of oral and written presentation			
13.	Total available time	120		
14.	Distribution of available time	2+1+1 / per week		
15.	Forms of teaching / learning activities	15.1.	lectures / theoretical - contact teaching, e-teaching	2 hours
		15.2.	theoretical and practical exercises, e-exams, preparation of independent seminar work	1 hour

				4	
8.	Professor (s)	Associate Professor Jadranka Denkova, PhD			
9.	Requirements for course enrollment				
10.	Purposes of the curriculum (competencies): The objective of the subject is to enable students to gain in-depth knowledge about the administration in the Republic of Macedonia and learn about the administration in other European countries. Moreover, the subject enables students to discover more about the management systems and administration in these countries. It gives them an insight into the types and characteristics of state and public administration. The subject aims at familiarizing students with the structure, role, responsibility and relevance of the administration in the Republic of Macedonia. Additionally, the subject aims at perceiving the current and future structure of the administration, its privatization and use for effective and efficient state administration.				
11.	Content of the course program: The subject covers the basic notions, origin and historical development of public administration. It elaborates on management theories and their respective historical development. In addition to this, the subject explains the public administration as a formal and informal organization, as well as the responsibility and reform of the public administration. It represents the division of labour and administration personnel, provision of information and its privatization. The subject also elaborates on the current affairs in the state administration, the Ombudsman and public services in general.				
12.	Learning methods: - Method of oral and written presentation				
13.	Total available time	120			
14.	Distribution of available time	2+1+1 / per week			
15.	Forms of teaching / learning activities	15.1.	lectures / theoretical - contact teaching, e-teaching	2 hours	
		15.2.	theoretical and practical exercises, e-exams, preparation of independent	1 hour	

			seminar work	
16.	Other forms of activities	16.1.	Project tasks	Hours
		16.2.	Individual tasks	1 hour
		16.3.	Home learning	Hours
17.	Method of assessment			
	17.1.	Tests / oral exams		40 + 30 points
	17.2.	Seminars (paper / project - presentation: written and/or oral)		20 points
	17.3.	Activity and participation		10 points
18.	Assessment Criteria (points / score)	up 50 points		5 (five) (F)
		51 to 60 points		6 (six) (E)
		61 to 70 points		7 (seven) (D)
		71 to 80 points		8 (eight) (C)
		81 to 90 points		9 (nine) (B)
		91 to 100 points		10 (ten) (A)
19.	Signature requirement and passing the final exam	60% attained results from all pre-exam activities, i.e. 42 points from the two partial exams, seminar paper, regular attendance at both lectures and tutorials		
20.	Language of teaching / study	Macedonian language		
21.	Method of monitoring the quality of teaching	Self-evaluation
